centuries Rome grew from a small town on the Tiber River in central Italy into a vast empire that ultimately embraced England, most of continental Europe, and parts of Asia and Africa.

**Ancient Rome for Kids and Teachers - Ancient Rome for Kids**
The ancient Greeks had roads, but they were not built nearly as well, and their roads did not connect in any particular order. Connect to what? Each Greek city-state was its own unit. In ancient Rome, Rome was the heart of the empire! Unlike most ancient civilizations, many Romans could read and write.

**Social class in ancient Rome - Wikipedia**
Social class in ancient Rome was hierarchical, with multiple and overlapping social hierarchies. An individual's relative position in one might be higher or lower than in another, which complicated the social composition of Rome. The status of freeborn Romans during the Republic was established by: Ancestry (patrician or plebeian);
